EasyDent Electronic Prescriptions (eScripts)

You can sign up for an optional eScripts feature. This lets you send electronic prescriptions directly from patient screens.

This feature sends the eScripts through NewCropRx via Surescripts® the national electronic prescriptions clearing house.

eScripts costs \$420/year per Dentist that sends eScripts. For an optional \$150/year per Dentist they can also send prescriptions for controlled substances (EPCS).

This includes Data Tec providing free initial setup and online training.
