

Visual Basic 6 Error Codes

- 001 Application-defined or object-defined error
- 002 Application-defined or object-defined error
- 003 Return without GoSub
- 004 Application-defined or object-defined error
- 005 Invalid procedure call or argument
- 006 Overflow
- 007 Out of memory
- 008 Application-defined or object-defined error
- 009 Subscript out of range
- 010 This array is fixed or temporarily locked
- 011 Division by zero
- 012 Application-defined or object-defined error
- 013 Type mismatch
- 014 Out of string space
- 015 Application-defined or object-defined error
- 016 Expression too complex
- 017 Can't perform requested operation
- 018 User interrupt occurred
- 019 Application-defined or object-defined error
- 020 Resume without error
- 021 Application-defined or object-defined error
- 022 Application-defined or object-defined error
- 023 Application-defined or object-defined error
- 024 Application-defined or object-defined error
- 025 Application-defined or object-defined error

Visual Basic 6 Error Codes

026 Application-defined or object-defined error

027 Application-defined or object-defined error

028 Out of stack space

029 Application-defined or object-defined error

030 Application-defined or object-defined error

031 Application-defined or object-defined error

032 Application-defined or object-defined error

033 Application-defined or object-defined error

034 Application-defined or object-defined error

035 Sub or Function not defined

036 Application-defined or object-defined error

037 Application-defined or object-defined error

038 Application-defined or object-defined error

039 Application-defined or object-defined error

040 Application-defined or object-defined error

041 Application-defined or object-defined error

042 Application-defined or object-defined error

043 Application-defined or object-defined error

044 Application-defined or object-defined error

045 Application-defined or object-defined error

046 Application-defined or object-defined error

047 Too many DLL application clients

048 Error in loading DLL

049 Bad DLL calling convention

050 Application-defined or object-defined error

Visual Basic 6 Error Codes

- 051 Internal error
- 052 Bad file name or number
- 053 File not found
- 054 Bad file mode
- 055 File already open
- 056 Application-defined or object-defined error
- 057 Device I/O error
- 058 File already exists
- 059 Bad record length
- 060 Application-defined or object-defined error
- 061 Disk full
- 062 Input past end of file
- 063 Bad record number
- 064 Application-defined or object-defined error
- 065 Application-defined or object-defined error
- 066 Application-defined or object-defined error
- 067 Too many files
- 068 Device unavailable
- 069 Application-defined or object-defined error
- 070 Permission denied
- 071 Disk not ready
- 072 Application-defined or object-defined error
- 073 Application-defined or object-defined error
- 074 Can't rename with different drive
- 075 Path/File access error

Visual Basic 6 Error Codes

- 076 Path not found
- 077 Application-defined or object-defined error
- 078 Application-defined or object-defined error
- 079 Application-defined or object-defined error
- 080 Application-defined or object-defined error
- 081 Application-defined or object-defined error
- 082 Application-defined or object-defined error
- 083 Application-defined or object-defined error
- 084 Application-defined or object-defined error
- 085 Application-defined or object-defined error
- 086 Application-defined or object-defined error
- 087 Application-defined or object-defined error
- 088 Application-defined or object-defined error
- 089 Application-defined or object-defined error
- 090 Application-defined or object-defined error
- 091 Object variable or With block variable not set
- 092 For loop not initialized
- 093 Invalid pattern string
- 094 Invalid use of Null
- 095 Application-defined or object-defined error
- 096 Unable to sink events of object because the object is already firing events to the maximum number of event receivers that it supports
- 097 Can not call friend function on object which is not an instance of defining class
- 098 A property or method call cannot include a reference to a private object, either as an argument or as a return value
