

MAXIMIZE YOUR INVESTMENT IN YOUR EASYDENT SOFTWARE WITH OUR INTEGRATED CREDIT CARD PROCESSING! DISCOVER ONE OF THE UNIQUE BENEFITS WE HAVE TO OFFER OUR CUSTOMERS!

Our newly integrated credit card processing feature allows you to enter credit card payments directly through your software program. With this unique addition, you will no longer need to purchase or lease costly credit card terminals. The steps to process a credit card payment are drastically reduced, allowing your employees to work more efficiently and effectively. While using our integrated software feature, you will reduce your costs of accepting electronic payments, reduce counter clutter and present a more professional image. Our integrated credit card processing is fast, reliable and secure!

BENEFITS FOR YOUR PRACTICE:

- Newly added pin pad integration
- Xpress link provides PCI Compliance - protects you against fraud
- Improve your cash flow
- Save money and reduce errors
- Save counter space
- Simplify daily and monthly processes
- Minimize exposure to fraud loss
- Offer your patients a greater range of choices in making payments

BENEFITS FOR YOUR PATIENTS:

- Choose from multiple methods of payment
- Make payments without being limited by cash on hand
- Single receipt / statement

Get started today! Our X-Charge team will show you how much you can save on processing fees with a FREE rate comparison. Get the most out of your EasyDent Software, call your X-Charge specialist.

Retire your old, bulky stand-alone credit card terminal for a simpler solution, and enjoy the benefits of integrated credit card processing.
